SCIENCE WEEK AT FINDON
15TH – 19TH AUGUST 2016

THIS YEARS THEME IS: DROIDS, DRONES AND ROBOTS

A range of exciting activities will be occurring around the school including:
- Planning and constructing your own robot or machine
- The new inquiry section of the Science room (featuring real live creatures)
- Open session on Tuesday for students to explore what’s going on in the Robo Club
- A very serious top secret competition between ALL classes during eating time

At the end of the week the winning class will be awarded with the Spectacular Science Cup at assembly! Good luck to all Findon Scientists!!

FOUNDATION - YEAR 3 SWIMMING PROGRAM TERM 3 2016

If you have put in an expression of interest for the swimming program in week 9 and 10 of term 3 and have CSEF credit, $45.00 can be used for swimming. Please see the office if you would like to use your CSEF levy. Please note there are limited numbers so make sure you return your form along with the money to secure your child’s placement.

FINDON TRIVIA NIGHT FRIDAY 19TH August….get a table together? Plenty of Prizes to be won and lots of fun to be had! Looking forward to a great Community Night.

NAPLAN RESULTS 2016

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an assessment program for Year 3, Year 5, Year 7 and Year 9 students, testing knowledge and skills in Literacy and Numeracy. The results of the tests provide another source of information for students, parents, teachers and principals about student achievement which can be used to support teaching and learning programs. In May 2016, NAPLAN tests were administered throughout Australia. It is important to remember that teachers in all schools assess their students’ learning in literacy and numeracy on a regular and ongoing basis. NAPLAN testing complements but does not replace the information that teachers gather. Parents of students in Years 3 and 5 will receive their child’s individual test results in an addressed and sealed envelope in the coming week. If parents wish to discuss their child’s NAPLAN results they are invited to make an appointment with their child’s classroom teacher.

LANGUAGES OTHER THAN ENGLISH (LOTE) INDONESIAN

Why learn a language? Learning a language:
- develops an understanding of how languages work which leads to improved literacy skills, including English literacy
- helps students develop critical thinking, analysis and problem solving skills
- teaches students about other people, their ideas and ways of thinking
- inspires interest in and respect for other cultures

Please return all money and any unsold chocolates to the office.
enhances employment and career prospects
contributes to social cohesiveness through better communication and understanding
contributes to economic, diplomatic and strategic development

22 languages are taught in Victorian government primary schools and 19 in secondary schools.

STUDENT WELLBEING
At Findon Primary School we believe that the maintenance of good order within the school directly contributes to the achievement of students’ learning. We have a coordinated, consistent and positive approach to welfare and discipline and promote a school climate where personal responsibility and self-discipline are strongly encouraged. All students are encouraged to adopt a code of behaviour consistent with:

- the development of self-discipline and self esteem
- principles of fairness and honesty
- respect for the rights of others
- respect for school property and the property of others
- sound emotional and social development
- the values program
- the anti-bullying ‘No Put Down Zone’ program
- the ‘Stop Think Do’ self-discipline program

Parents are encouraged to maintain open lines of communication with the school particularly when significant events occur in a family; events that may impact on children’s learning, socialising or behaviour.

ENTRY TO SCHOOL BUILDINGS
Findon Primary School seeks to provide an open and friendly learning environment, which values and actively encourages visitors to our school. At the same time we recognise our duty of care to ensure a safe environment for our students and staff, to avoid disruption to the educational process, and recognise our responsibility to protect and preserve the school’s resources against theft, vandalism and misuse. A balance must be achieved between the potential benefits and risks associated with the presence of visitors in our school buildings before, during or after school. Achieving the desired balance will lead to an increased sense of order in each school building and a decrease in disruption to students’ learning. We ask that if parents wish to speak with their child’s classroom teacher to do so before school commences or immediately after school, provided teachers are not expected to be at a meeting. Alternately, arranging a mutually suitable time to conduct a meeting would be even better.

YEAR 7 STUDENT PLACEMENT 2017
Parents of our Year 6 students should have received a letter confirming their Year 7 Secondary School Placement offers for 2017. Secondary School offers are based on the information that parents provided on their child’s Enrolment Forms. Please read this letter carefully and keep for further reference. The Secondary School you are offered for your child may contact you after this date. Please contact me at the school if you have any further questions or queries.

FOUNDATION ENROLMENTS FOR 2017
We continue to take enrolments for our 2017 Year Foundation students. Please inform family, friends and neighbours that if they have a child starting school next year and would like them to come to our school to enrol them soon. It is important that children are enrolled by the end of Term 3 so that they can participate in our excellent Beginning Schools Program commencing November 2016. School tours are conducted by appointment.

National Literacy & Numeracy Week
National Literacy and Numeracy Week will be held from 29th August to 4th September 2016 at Findon Primary School. The week is a celebration of Literacy and Numeracy which are the core skills that help students succeed at school and later in life. Throughout the week, students at Findon will have the opportunity to highlight the importance of these skills. Students are asked to dress up for a parade, in their favourite book character or something mathematical such as a calculator, dice or mathematical numbers and instruments!

EDUCATION SUPPORT STAFF
August is Education Support (ES) Month which gives us the opportunity to highlight the important role the ES staff play in our school. At Findon Primary School we are very fortunate to have an outstanding and dedicated team of Education and Administration Support staff helping to educate and care for our students and contribute positively in the running of the school. ES staff are a vital part of the school team working in incredibly diverse and essential roles. We thank them for the contributions they make to our school. We love and value our ES staff…

Debbie, Leanne, Jacky, Bill, Alina, Tegan, Kendra, Michael, Shelley, Lorraine and Sandi.

I leave you with the following words to ponder…..

‘We learn more by looking for the answer to a question and not finding it, than we do from learning the answer itself’ Lloyd Alexander

Paula Cosgrave
Principal
Call Out From Kitchen Garden

I am currently seeking adult helpers to assist in Kitchen Garden classes. You don’t need to be a whizz in the kitchen; the only requirement is a current working with children check. If you would like to help please pass your contact details on to the office and I will get in touch, otherwise feel free to come and see me. New class sessions are as follows.

**Tuesday**
DF 9.00am -11.00am.

**Wednesday**
PD 9.00am-11.00am. NS 11.30am-1.30pm.

**Thursday**
PK 9.00am-11.00am. MK 11.30am-1.30pm.

Kind regards, Kath Jones

**FINDON’S 30TH BIRTHDAY 1986 - 2016**

On September 7th we are celebrating Findon’s 30th birthday with a range of events and activities planned. We are producing a school book and welcome comments/reflections/anecdotes/memories etc. from current and past families of Findon. Please take the time to send them to us to be included in our book and share this with the community. We look forward to receiving your positive reflections. Feel free to join us on the day.

More details to follow.

Florence Haining
On behalf of the 30th Birthday Committee

**Year 6 Canberra Tour, 2017**

A reminder that expressions of interest and an accompanying deposit is due within the next fortnight. Please ensure that forms are sent into the school office so as to lock in a place for your child. If a form is required contact your child’s classroom teacher or contact the office.

**FOUNDATION - YEAR 3 SWIMMING**

If you have put in an expression of interest for the swimming program and have CSEF credit, the remaining balance can be used towards the swimming program. $80 would have been allocated for the Excursion Levy at the beginning of the year, the remaining $45.00 can be used for swimming. Please see the Office if you would like to use your credit.
### MATHS PROBLEM

Congratulations to the following 25 students who entered a solution to the maths problem of the week in the fifth week of Term 3. Each of these students earnt 10 house points for their respective houses. Cuthbert House won the week with 100 points.

**THIS WEEK’S PROBLEMS**

**Upper (4 to 6)**

- Name: 
- House: 
- Home Group:

80 students attend Luna Park on an excursion.

3/10 of the students decide to go on the Gravitron, while the rest line up for the Roller Coaster.

The Roller Coaster takes 12 students at a time and takes 9 minutes to complete.

The Graviton takes 6 students at a time and take 12 minutes to complete.

Which group of students will be finished first and how long will they take?

---

**Middle (2 to 4)**

- Name: 
- House: 
- Home Group:

To calculate the value of their name, students were told that vowels = $20 and consonants = $10. Work out the value of these student names:

<table>
<thead>
<tr>
<th>Student Name</th>
<th>Value in $$$</th>
</tr>
</thead>
<tbody>
<tr>
<td>Jackson</td>
<td></td>
</tr>
<tr>
<td>Mia</td>
<td></td>
</tr>
<tr>
<td>Rachel</td>
<td></td>
</tr>
<tr>
<td>Maddie</td>
<td></td>
</tr>
<tr>
<td>Oliver</td>
<td></td>
</tr>
</tbody>
</table>

**Total Value**

What is the average value of their names? (Total divided by 5)

What is the mode (most common) of this data?

---

**Junior (P to 2)**

- Name: 
- House: 
- Home Group:

Can you circle the number that is incorrect in the following number patterns:

- 0, 2, 4, 7, 8, 10, 12, 14, 16, 18, 20, 22, 24, 26, 28
- 10, 20, 30, 40, 50, 60, 70
- 3, 6, 9, 12, 14, 18, 21, 24, 27, 30, 33, 36, 39, 42, 45, 48, 51, 54, 57, 60
- 1, 3, 5, 7, 9, 12, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31, 33, 35, 37, 39, 41, 43, 45, 47, 49, 51, 53, 55, 57, 59, 61
- 100, 95, 90, 85, 81, 75, 70, 65, 60, 55, 50, 45, 40, 35, 30, 25, 20, 15, 10, 5, 0
- 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100

---

Please submit your entry to the office by the end of school on Thursday.

**MATHLETICS**

23 certificates were earnt on Mathletics over the last two weeks.

Congratulations to Riley G. (DF) and Harrison C. (LS) on earning their Gold Certificates. These will be presented at this week’s assembly.

**LOG ONTO MATHLETICS AT:** [www.mathletics.com.au](http://www.mathletics.com.au)
Our excursion to the National Gallery of Victoria!

On Friday the Year 2s caught a bus to the city to see the Degas show at the National Gallery of Victoria. Throughout our excursion the students received:

- a talk about the French artist Degas
- entry to the Degas exhibition
- lunch
- a workshop to create their own piece of art work

We learnt about all the types of colours and paint.

I ripped up paper and stuck it down. It is a person playing soccer.

We learnt a lot about painting and the French artist Degas.

Hello Findon Science Enthusiasts!

Welcome to the SCIENCE PAGE @ Findon!

The newsletter features Science Quiz Questions and fun science facts every week. All you have to do is answer one or all of the questions – it’s that easy! Students will earn 10 house points for every question that is answered. Students who enter will also have their names published in the school newsletter.

**SOMETHING NEW!!!**

Each week students will be announced at assembly and **ONE** of you will be drawn out to win a small prize. Good luck!

**THIS WEEK’S TOPIC: Robots**

**DID YOU KNOW?**

- LEGO launches its first Robotics Inventions System in 1998
- In 1964 The IBM 360 becomes the first computer to be mass produced.

**THIS WEEK’S CHALLENGE:**

Enjoy this challenging robot word scramble and see how many of the robotics related words you can unscramble.

Do your best to see how many of the robot word problems you can solve with this fun activity. Check your answers in next week’s newsletter.

```
computer, machine, program, recognition, future, intelligence, sensors, artificial, humanoid, technology
```

Well done to Zach from 2FH for entering last week’s problem. We love your picture which answered the junior question of:

‘Name 2 things that plants need to survive’

Thank you

Jenny W & Mrs J
YEAR 4 CAMP TO PHILLIP ISLAND - SEPTEMBER 14 to 16, 2016

The Year 4 camp to Phillip Island is now just over 4 weeks away! Don't forget to review the 'What you need to bring' list carefully to ensure you have everything you need packed when the camp rolls around on Wednesday, September the 14th.

All campers should now have paid a total of $210. The third and final instalment of $70 is due on August the 28th.

Students who have indicated they suffer from asthma will need to provide an updated asthma management plan. Please contact the office if you did not receive an envelope last week with forms to complete.

You can view the facilities on offer at the CYC campsite in Cowes, Phillip Island by visiting the following website: http://theisland.cyc.org.au/

DANIEL FROMM
Year 4 Camp Coordinator.
CHICKS AVAILABLE FOR ADOPTION!!

Foundation students have been lucky enough to have the experience of hatching chicks within the classroom. Unfortunately, the chicks are being picked up this Friday 19th August BUT you have the opportunity to adopt them and raise them at home!

Please note that they need to be adopted in pairs. Please see any of the Foundation teachers ASAP if you would like more information!

Thanks,
Learning Team One

---

Maths Year 5/6

Last week all the Year 5/6’s participated in a StartSmart Workshop relating to financial maths. Here are some of the students responses:

I learnt all the ways you can earn money at an age like 11 or 12. I also learnt that when you’re saving money, save most of it, not all of it, so that when you want to buy something small you don’t have to take it out of the money you’re trying to save. Also I learnt that a good way to earn money is by having a business like making things and selling them. Hayley EM

I learnt that kids can start their own business, trade and sell. Just because you’re a child, doesn’t mean you can’t start early. The three steps to achieving a goal with buying are: see – see what that product is, earn – earn your money, whether it be a business, chores or selling something and finally… save – save the money you’ve earned and buy your desired item. During that saving process, it’s okay to use some of the money for yourself. The only condition is that you can only use a small proportion of it. A tip on starting a business is that it has to be achievable. Lemonade stand? Great! Car wash? Pretty good! A tech company? No, just no. Your business idea has to be doable in a short period of time. Trading and selling can only be a regular income if you have enough money to buy many things, so it’s not the best idea for a business. Aria EM

Today I learnt some ways of making money while you’re young. You can do chores, you can help your neighbours, trade and sell, or start your own business. To save up for something you have to - See it! Earn it! Save it! Christian EM

I learnt that you should always save your money in the bank instead of your piggy bank because you’re always tempted to use the money that you have saved in your piggy bank. I also learnt that you should save some of the money you’ve earned and keep some of the money you’ve earned so you have some money to use later. I learnt that you could start a business by doing anything like washing a car, starting an ice-cream stand or baking cookies. Shivam EM

We learnt that you can make a balanced income by following three important steps. The first step was to see your goal. You need to picture what you want to purchase in great detail. You need to know what colour, what size, what brand and what store you’re going to buy it from. The second step was to earn it. We brainstormed many ways to earn some money. One was to sell and trade. You could go to shops such as Cash Converters or a website like Gumtree to sell. We found out you can trade with people on your block, friends or on Ebay. We came up with ideas to earn money by making a small business, including a time for when you can work, a name, business hours and what you are going to do. The final step was to save. The best way to save was to put your income in a bank and gain interest rather than in a box or piggy bank, because you could be tempted to get money out and use it, meaning you won’t have enough money to get your aim and goal. It was a really great session and we learnt a lot about saving money and being money smart. Riley EM
TRIVIA NIGHT

WHEN?  Friday 19th Aug
TIME?   7:00pm
WHERE?  Findon Primary
         BER Building

COST?  $10 per person
        Tables of 8 - 10
        BYO Snacks and Drinks
        Gold Coins for Games

Tickets can be purchased from the Findon Primary School Office
If you would like to come but can’t get 8-10 people, please contact
Michelle 0422222341, Gail 0419377457 or Jodie 0423311177
and we can help organise a table for you.
